South Bar Lake has a good bass and pike fishery with the fish being average size for the most part. In 2012, an 11.5 inch bluegill was registered for a master angler catch. Throw spinnerbaits or put a sucker minnow under a bobber for the pike. I'd recommend trying the shallow northern end for the panfish. The boat launch is best suited for small boats. Empire Beach is right here too and it's a popular beach. See Soni at Empire Outdoors for bait and tackle and he'll give tips too!
